Greetings,

It gives me great pleasure to share with you the progress and undertakings of our Greek community. Since its inception in 1873, Greek life has grown to become a vital part of the history and traditions at KU. Today, Greek life represents more than 3,000 students and 45 different Greek organizations.

This annual report will provide an overview of the 2012-2013 academic year, highlighting the accomplishments and accolades of our Greek governing councils, organizations, and students. While it is difficult to capture all of the community's achievements this year, here are a few highlights:

This year, all fraternities and sororities participated in the Greek Community Standards program. First developed three years ago to strengthen the Greek community, this program provides benchmarks for all organizations to meet in order to maintain registration as a Greek organization.

Thirty-one organizations participated in the Greek Awards process, showcasing their performance in the areas of academics, member development, risk management, leadership, community awareness, and chapter operations. Twenty-one organizations achieved Excellence, our highest achievement level, in at least one area.

While this year marked the 100th anniversary of Homecoming, three of our organizations—Alpha Delta Pi, Kappa Sigma, and Sigma Kappa—also held centennial celebrations at KU.

Fraternity membership saw an increase of over 100 more members from the previous year, increasing overall Greek membership from 15% to 17% of the undergraduate student population.

Three organizations—Alpha Phi Alpha, Sigma Iota Alpha, and Sigma Pi—all joined or rejoined one of our four governing councils this year.

Although this report largely focuses on the positives attributes of our community, the work to become a better Greek community is ongoing. I am confident that our students will continue to challenge and confront difficult issues in the years to come in their quest for excellence and hope you will join me in supporting them in their efforts.

Rock Chalk Jayhawk!

Rueben Perez
Director, Student Involvement and Leadership Center
Bold Aspirations is the strategic plan to transform KU and earn recognition among the top tier of public international research universities. This plan calls strengthening "the pipeline of undergraduates to and through KU." Greek life contributes to this plan through its commitment to recruitment, retention, and graduation.

Greek students are being retained at higher rates than non-Greek students.
Overview

The University of Kansas Greek Community Standards Program grew out of a partnership agreement between the Greek community and the Division of Student Affairs (then known as Student Success). Discussions around the creation and implementation of a standards program began in 2007 after years of relatively stagnant growth and several risk management issues began to cast a negative light on the Greek community and the university as a whole. Community standards were seen as an opportunity to create universal benchmarks for all chapters that were consistent with organizational values and added value to the student experience. In 2009, a committee of Greek students and alumni was created to develop the program. In the years since, the program has been regularly reviewed, refined, and amended by members of this committee. The program has also vetted through several national umbrella organizations. The standards program was unveiled in 2011 with many chapters electing to participate in the program during its pilot year. 2012 marked the inaugural year of the community standards program with all chapter participating in the program.

Purpose

The Purpose of the Greek Community Standards Program is to improve the management and quality of fraternities and sororities by outlining a clear but comprehensive set of standards that each chapter must meet to maintain registration as a Greek organizations through SILC. Community Standards are also intended to:

1. Provide an annual evaluation tool that fraternities and sororities can utilize for self-evaluation purposes and receive recognition for meeting community standards.

2. Empower the Greek community to be part of the decision-making process in determining how they wish to function within the greater university community. The intent of this program is to provide a framework by which councils can quantify and document their respective chapter’s performance for the purposes of recognition as well as in increased accountability.

Conditions of Relationship

The annual review of chapter performance on an annual basis (January - December) will be based upon adherence to Community Standards in the following six areas:

1. Academic Performance
2. Risk Management & Legal Liability
3. Member Development & Education
4. Leadership & Campus Engagement
5. Community Awareness
6. Chapter Management

### Overall GPA
- IFC: 3.04
- MGC: 2.61
- NPHC: 2.70
- PHA: 3.23

#### The All-Greek GPA
Has been higher than the All-University GPA for over 35 years.

#### The Greek Tutors Program
Allows new members from IFC and PHA Chapters to receive academic support from their peers.

#### Greek Councils Scholarships
Are provided to members of IFC, NPHC, and PHA chapters based on academic performance.

#### KU Requires
All chapters maintain or make progress toward a minimum 2.70 GPA over the course of one year.
Although risk management continues to be one of the greatest opportunities for growth, the Greek community made many strides toward reducing risk and creating a safer environment for KU students through enhancing risk management education, increasing anti-hazing awareness, and improving social programming practices.

<table>

MEMBER DEVELOPMENT & EDUCATION

Chapters are required to provide educational programming to all members on at least two of the following issues:

- Hazing Prevention
- Legal Liability & Risk Management
- Sexism, Sexual Abuse, and Gender Issues
- Alcohol and Drug Abuse
- Personal Financial Management
- Diversity

OVER 40 different educational programs were held in 2012

GIVE BLOOD
Greeks provided 50% of the volunteers for this year’s blood drives.

OVER 1,000
Greeks participated in The Big Event providing over 3,200 hours of service in one day.
COMMUNITY AWARENESS

GIVING BACK TO THE COMMUNITY IS AT THE HEART OF WHY GREEK ORGANIZATIONS EXISTS.

To Honor this commitment, each member of a Greek organization is required to complete at least 10 hours of hands-on community service per member.

Last year, Greek students completed over 55,000 hours of community service. Many of those hours were in the City of Lawrence and Douglas County.

KU Greeks gave an estimated $220,000 to local and national charities in 2012-13 alone.
The 24th Annual Greek Recognition Night was held to highlight the achievements and accolades of the Greek community during the spring and fall semesters of 2012. The goal of the Greek Awards process is to recognize individuals and organizations that are upholding the four pillars of leadership, scholarship, service, and fellowship. Chapter awards align with the Greek Community Standards program.

**FULL AWARDS LISTING**

silc.ku.edu/greek-life-awards
The presence of Greek life has continued to grow at the University of Kansas. This year marks the return of several Greek organizations to campus plus the addition of KU’s newest sorority.

SIGMA PI FRATERNITY

After a fifty year absence, the Delta-Beta Colony of Sigma Pi Fraternity made its return to KU in 2012. The colony currently has over 40 Founding Fathers, many of which are involved on campus. Sigma Pi is making strides to regain its charter and become a full member of the IFC by Spring 2014.

PI KAPPA ALPHA FRATERNITY

On May 1, 2013, Pi Kappa Alpha Fraternity was selected by the Greek Life Expansion Committee to return to campus. Representatives from Pi Kappa Alpha Headquarters will begin the expansion process at KU in Fall 2014. Founded in 1914, the Beta Gamma Chapter of Pi Kappa Alpha hopes to celebrate its centennial at KU by recruiting Founding Fathers that are scholars, leaders, athletes, and gentlemen.

SIGMA IOTA ALPHA SORORITY, INC.

On April 16, 2013, the University of Kansas Colony of Hermandad de Sigma Iota Alpha, Inc. was welcomed to campus at their inaugural Coming Out Show. During the show, “Confía en Nuestras Sonrisas,” the Founding line of Sigma Iota Alpha (SIA) was revealed to the Greek community. The women of SIA hope to gain its charter and become a full member of the MGC in the coming year.
On May 3, 2013, the Upsilon Chapter of Alpha Phi Alpha Fraternity, Inc. made its return to campus during their “Where’s Alpha?” Coming Out Show. During the show held at Campanile Circle, three men were revealed as the re-founding Line of the chapter. The Upsilon Chapter was originally chartered on the University of Kansas campus on December 21, 1917 and was the first Alpha Phi Alpha Chapter west of the Mississippi.

On April 20, 2013, the Rho Eta Chapter of Omega Psi Phi Fraternity began its return to KU. Two men were revealed as the re-founding Line of the colony during a Coming Out Show held at Centennial Park. These two men plan to conduct a membership intake process next semester, regain student organization registration, and become a full member of NPHC in the coming year.
Interfraternity Council (IFC)
So far, the IFC Executive Board has been quite ambitious. Immediately following officer turnover in November, the eight executive board members set out to put their goals into action. Putting the needs of IFC chapters first, the board organized roundtable discussions on community service, academic success, and public relations, providing an outlet for discussion of campus resources and best practices. Two committees, recruitment and risk management, were also formed to ensure the community continues to grow while creating a safe environment for all KU students. The council also remains committed to strengthening the interfraternal ties between chapters, as is evident through council programming for chapters as well as the camaraderie among the executive board. In this coming year, the IFC will remain committed to providing meaningful programs to its members, continued support of National Hazing Prevention Week, and challenging the status quo through innovative leadership.

Multicultural Greek Council (MGC)
This past year was one of ups and downs for MGC. The year began with the loss of Sigma Lambda Beta Fraternity, Inc, due to low membership and failing chapter operations. Despite this loss, the council and its member chapters remained highly engaged on campus and in the community through an emphasis on serving the community. For the second year in a row, MGC collectively participated in the Big Event and monthly visits to Jubilee Café. This forward momentum culminated on April 16th when MGC welcomed its third member organization with the Coming Out Show of Hermanada de Sigma Iota Alpha. The council is also exploring continued expansion as several national organizations have expressed interest in joining the MGC community.

National Pan-Hellenic Council (NPHC)
Last year, the NPHC endeavored to become a stronger council and gain better recognition on campus. At the NPHC Step Show, Stomp the Hill, chapters performed before a packed Woodruff Auditorium, raising council morale as well as thousands of dollars for the NPHC scholarship funds. This year also marked the official approval of the Divine Nine Room, a room in the Kansas Union celebrating the history of NPHC chapters at KU. After many years of planning and receiving funds from the Union, Vice Provost of Student Affairs, individual chapters, and alumni, the Divine Room will be dedicated in the Fall 2013 semester in conjunction with the step show. Alpha Phi Alpha Fraternity Inc., also made its return to campus after a brief hiatus and the council hopes to bring back Delta Sigma Theta Sorority Inc. by the end of the Fall 2013 semester.

Panhellenic Association (PHA)
PHA has had an exciting year full of changes and new developments. KU was visited by the National Panhellenic Conference and with their assistance, PHA has restructured its governing documents to strengthen the community. A committee was formed to rewrite the bylaws and create a new judicial board. The executive board has collaborated with the chapters to improve the recruitment process by enhancing the experience for potential new members and revising the Code of Ethics. In an effort to improve public relations, PHA has also developed a spectacular recruitment guidebook for all of the women who register for Fall Formal Recruitment. Furthermore, over the past year alone our women have volunteered over 40,000 hours and have attended several educational programs. Overall, PHA remains committed to improving the experience for all women by fostering stronger interfraternal relations and trust amongst its members.
QUESTIONS?

The Greek Life staff in the Student Involvement and Leadership Center is happy to answer questions and provide additional information.

GREEK LIFE STAFF: (From left to right) Phil Bennett, Graduate Assistant; Rueben Perez, Director of SILC; Nontalie Morrow, Graduate Intern; Amy Long, Associate Director of SILC-Greek Life; Cody Pritchard, Graduate Assistant; Dustin Struble, Assistant Director of SILC-Greek Life.
